Hi Abhijit,

Please connect with your recruiter for BG clearance. Uploaded documents in launchpad portal looks fine.

Please be acknowledged all pending process which must be done prior to onboarding will be mentioned in the notification area of Launchpad. If nothing is showing up there, then you are good to go.

Warm regards

Pavithra T

Onboarding Advisor.

[EXTERNAL EMAIL**] Please verify sender address and exercise caution before clicking on any link.**

Dear Team,

I hope this message finds you well.

My name is **Abhijit Barui**, and I am set to join Infosys on **18th August 2025** as per the offer letter issued to me. My **Candidate ID** is **1003801213**.

Upon reviewing my submitted application details on the Infosys Launchpad portal, I noticed a couple of discrepancies that I would like to correct before the Background Verification (BGV) process begins:

1. GPA Typo

My college GPA has been mistakenly entered as **8.4**, whereas the correct GPA is **8.14**. This was an unintentional error.

2. Salary Structure Error

The salary details in the application form appear to be partially incorrect. Please refer to the table below for clarification:

Component	Entered Value (LPA)	Correct Value (LPA)	Status
Fixed Salary	₹1.44	₹4.94	Incorrect
Variable Pay	₹0.60	₹0.60	Correct
Other Benefits	₹0.20	₹0.70	Incorrect
Total Gross	₹6.24	₹6.24	Correct

I kindly request your guidance on how to proceed with these corrections. I am also prepared to provide all necessary documents (such as marksheets and official CTC structure) to verify the requested changes.

Thank you in advance for your assistance. I appreciate your support in ensuring that all records are accurate before onboarding.

Warm regards,

Abhijit Barui

Subject: Re: Launchpad Notification – Candidate ID: 1003801213

Dear Team,

Thank you for the confirmation regarding my uploaded documents.

I understand that pending processes will appear in the Launchpad notification area. At present, I have two such notifications that I am unable to clear:

1. **NSR** – The NSR portal offers three KYC methods:

- **Digilocker Verification** – shows “system error, contact admin”.
- **Aadhaar XML** – shows “system error, contact admin”.
- **Video KYC** – I attempted this, but the record button and other controls were not functioning, so I could not proceed.
Please advise if there is a recommended method or alternative to complete this step.

2. **Contact** – “Select address for laptop delivery” notification remains even after entering my present address. The form is now locked since BGV has been initiated, so I cannot make any changes.

Kindly let me know a suitable time or process to connect for resolving these pending actions before onboarding.

Warm regards,

Abhijit Barui

Hello @Abhijit Barui,

Please complete Launch pad on priority please upload this document.

Bachelor Of Technology-Consolidated Marksheet,Bachelor Of Technology-Degree Certificate / Provisional Certificate

Laptops are provided post onboarding in office itself for NSR please check during onboarding and write to LP team about same.

Please note we won't be able to onboard you will you don't submit your marksheet details and would lead to delay in onboarding for you.

Subject: Confirmation of Uploaded Documents – Candidate ID: 1003801213

Dear Joshua,

I hope you are doing well.

I wanted to let you know that I have already uploaded both my *Bachelor of Technology – Consolidated Marksheet* and *Bachelor of Technology – Degree Certificate / Provisional Certificate* to the Launchpad portal prior to opting in for the BGV process.

As the portal now restricts re-uploads after BGV initiation, I am currently unable to re-upload them. However, I have attached a screenshot showing the successful upload status for your reference.

Could you kindly check if the existing submissions in my profile are in order? If required, I'll be happy to share the documents via email as well.

Thank you for your time and assistance.

Warm regards,
Abhijit Barui

Please loop in the launchpad and ask them to check and update.
Also check if anything is pending and what needs to be done.
